

Black Rock Cafe

PACIFIC RESORT AITUTAKI

Set amongst the black rock formations on the water's edge and offering the very best vantage for sunsets is the aptly named Black Rock Café & Bar, open daily from 10.00am. Perfect for those wanting to take a lazy lunch by the beach, or enjoy the sunset by the pool. The Black Rock Café has a varied menu which includes a range of sandwiches, salads and stir fries as well as refreshing, chilled soup to balance out the heat of the day.

The menu was designed by our Executive Chef, Afifud Dean, to ensure that the café could provide a range of cuisine from snacks to full meals to meet the needs of all our guests. Its stunning beachside location provides the perfect setting for any island meal, at any time of the day.

Black Rock Café also offers an impressive variety of traditional and contemporary cocktails - and on Aitutaki there is no more elegant place to savour the setting sun than with a cocktail at The Black Rock Café & Bar!
